Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7/6/2004 has been entered.

Drawings

The drawings are objected to because Figure 1 comprises 6 sheets, which are not labeled in accordance with 37 C.F.R. §1.84 (u), which states in part "Partial views intended to form one complete view on one or several sheets, must be identified by the same number followed by a capital letter." Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures.

Applicants are further required to amend the brief description of the drawings at page 11 of the specification to correctly reflect the changes required above.

EXAMINER'S AMENDMENT

The application has been amended as follows:

The title of the invention has been amended to read

ANTIBODIES REACTIVE TO THE C-TERMINAL PORTION OF GROWTH FACTOR
HOMOLOG ZVEGF3.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The claims as amended have been fully re-evaluated, and an auxiliary search done. The Examiner finds that there is no motivation in the art to specifically make antibodies that bind with the CUB domain of a protein, in the absence of further characterization of said domain in the protein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Advisory Information

The allowed claims, 33-36, have been renumbered 1-4, respectively.
